

# Women's Aid in Solihull

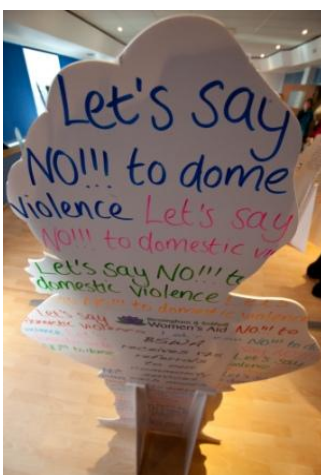

## Do you work with children & young people?

Every year 5,000 children and young people are affected by domestic abuse in Solihull. Tackling domestic abuse is a strategic priority for Solihull Council and its partners.

We provide specialist training and support on working with children and young people affected by domestic abuse, including:

- Awareness raising workshops with groups of children and young people around healthy relationships, emotions and teenage partner violence.
- Awareness raising workshops for professionals.
- One-to-one support and small group work for children and young people affected by domestic abuse.
- Support for mums and their children.

All of our training is delivered by our specialist Children & Family Workers.
